IDC, INC.

Water & Wastewater Treatment | Logistics | Equipment & Chemical Supply

CAPABILITY STATEMENT

Small Business • Jacksonville, Florida

10163 Mc Laurin Rd E, Jacksonville, FL 32256 • (847) 924-3546 • jlivits@gmail.com

Company Overview: IDC, INC. is an owner-led small business providing water and wastewater treatment, treatment equipment and chemical supply, and logistics support. Based in Jacksonville, Florida, IDC supports disaster-recovery prime contractors and public agencies with post-flood potable water and wastewater treatment, temporary treatment, equipment supply, and freight coordination — as a subcontractor or direct supplier.

CORE COMPETENCIES

- **Water & Wastewater Treatment —** agricultural, municipal, aquaculture, and recreational facilities (pools, ponds), including biological treatment enhancement and odor control (Oxydoll).
- **Disaster Response Support —** post-flood water treatment, potable water and wastewater support, and temporary treatment.
- **Procurement & Supply —** sourcing and delivery of water/wastewater treatment equipment and treatment chemicals.
- **Logistics —** freight coordination and export logistics, building on the company's export business out of Illinois.
- **Prime Contractor Support —** equipment supply and logistics support to FEMA disaster-cleanup primes and their field teams.

DIFFERENTIATORS

- **Owner-led and responsive —** small-business structure with direct access to the company president for fast decisions.
- **Florida-based —** Jacksonville location positioned for Florida disaster response.
- **Treatment + logistics combined —** one point of contact for treatment know-how, supplies, and getting them to site.
- **Flexible engagement —** available as a subcontractor, teaming partner, or supplier.

PAST PERFORMANCE

- **Municipal Water Utility (Vodokanal), Cherepovets, Russia —** supplied Oxydoll to improve biological wastewater treatment. *[year]*
- **Large-Scale Swine Production Complexes, Russia —** supplied Oxydoll for odor control in hog barns and manure lagoons/storage, including a 100,000-head operation. *[year]*
- **Distillery Stillage Filtration Fields, Ukraine —** supplied Oxydoll for biological treatment of post-distillation stillage (vinasse). *[year]*

Additional 10+ municipal, agricultural and food-processing wastewater sites; references available on request.
